

RUN YOUR GYM LIKE A PRO

No more pen-and-paper, or outdated, cumbersome software. Gymdesk is a modern, easy-to-use system that actually makes your life easier.

Modernize your gym operations today

Move your member onboarding to the digital area, capturing all the necessary information online and allow members to sign-up before they come in to your facility, or at the gym using an iPad or a smartphone.

Online booking and real-time availability makes it easy to get people in the door and fill up your classes. Modern attendance tracking makes sure that people get the access they paid for, but also prompts them when they need to upgrade their membership.

Supercharge Your Billing

83% of people prefer to pay online. With our payment options, you can receive payments online or in-person via a card, bank debit and many mobile or local payment methods.

Let your billing run automatically on any schedule that works for you. Payment declines are resolved automatically with scheduled rebilling, allowing you to set and forget it.

Customize memberships and pricing options to your exact needs. Create recurring or one-time payment memberships, pay-on-demand memberships and more - and assign it to specific gym access, easily controlling your members get what they paid for.

From member acquisition to retention, Gymdesk is there

Gymdesk provides a full lifecycle support for your members - from lead capture to marketing automations and follow-ups, to member sign-up and retention automations.

Interact with leads and members with 1-on-1 messages through text and Email, as engage them consistently with advanced marketing automations.

Know everything that is happening in your business with in-depth and easy-to-use reporting, on everything from lead generation to new bookings, revenue growth and gym attendance

Testimonials

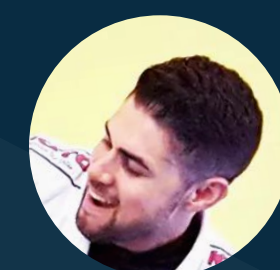

Ray Effler

Livingstone Karate

Great value! The team is extremely responsive, and suggestions are made into new features all the time - **sometimes on the SAME DAY.**

You have everything you need to run a gym - Too much good stuff to list. **I haven't dealt with a service this good and people this dedicated in over 20 years** - it's almost a little shocking to be honest.

Stephen Cruz

Kioto BJJ Chattanooga

The beautiful UI and overall feel of the software got us hooked. There are a ton of great features, but the best thing is how their support team makes you feel when you sign-up.

Gymdesk is one of the best decisions we've ever made for our business. Don't think about too hard like we did in the past - sign-up now and see for yourself how amazing this software is!

Meghan Ramos

Athena Mobility & Strength

The software supported the features we needed **without the bloat of other providers.** We wanted to easily see our sales, scheduled and missed payments, and attendance at a glance.

We **LOVE** being able to integrate emails and texts within Gymdesk so all communication is visible to all staff. **The tasks and automations are crucial for helping us stay organized.**

Laurel Faltas

Catalyst

We love how Gymdesk **makes life so much easier for our business.**

The overall look of the program is great and the functionality of it has exceeded our expectations.

Customer service has been excellent to work with any time we run into a snag.

Transparent Pricing. No Contracts.

You only pay more when you grow. Get all our features and dedicated, responsive support from real humans, no matter your account type.
